Hargopal Singh

SWE Intern @ UKG | SWE Intern @ NCR | CS Graduate from Georgia Tech

Duluth, Georgia, United States

Summary

As a graduate from Georgia Tech with a Bachelor's degree in Computer Science and a specialization in AI and App Development, I am passionate about leveraging technology to create innovative solutions. My academic journey has equipped me with a strong foundation in computer science principles and cutting-edge expertise in artificial intelligence.

During my time at Georgia Tech and internship at NCR and UKG, I had the privilege of working on diverse projects that honed my skills in programming, machine learning, and software development. I am particularly enthusiastic about designing intelligent applications that can make a positive impact.

I am open to networking, collaborating on exciting projects, and exploring opportunities that allow me to put my skills to good use. Let's connect and discuss how we can work together to drive innovation and create exceptional software experiences.

Experience

UKG

Software Engineer

September 2023 - December 2023 (4 months)

Atlanta, Georgia, United States

- Documented 30 API endpoints in multiple UI surfaces using OpenAPI specification
- Implemented unsaved modal in State Submission Filing page that alerts users when navigating away
- Developed a filter and sort feature where user can successfully filter job data by 5 different types
- Enhanced UI portal utilized by over 14,000 US-based companies for tax filing purposes

NCR Corporation

Software Engineer

May 2022 - August 2022 (4 months)

Atlanta, Georgia, United States

- Developed REST APIs, exposing business functionality, accessible to hundreds of financial institutions
- Updated legacy APIs to make them standards-based and enhanced developer-experience for our clients
- Helped in versioning and deploying these APIs

UKG (Ultimate Kronos Group)

Software Engineer

January 2022 - April 2022 (4 months)

Atlanta, Georgia, United States

- Enhanced business logic and exposed via APIs
- Developed scripts for continuous integration and Kibana visualizations
- Developed a tool to interactively run NUnit test suites on remote test servers
- Built functional tests with Selenium in C# and MySQL

Keller Williams Realty, Inc.

Web Design and Development

May 2020 - August 2020 (4 months)

Atlanta Metropolitan Area

- Built a website to help users obtain their real estate license by enrolling in the 2020 Georgia 75-Hour Pre-License Real Estate Course. (Link: blueapplerealestateschool.com)
- Designed interactive courses, consisting of various sections and multiple quiz-sets with daily updates and demos with team members.
- Followed Agile methodology to manage the project through its lifecycle and delivery

Education

Georgia Institute of Technology

Bachelor of Science - BS, Computer Science · (August 2019 - December 2023)

Meadowcreek High School

High School Diploma, Computer Science · (2015 - 2019)
